DESCRIPTION

The project consists of the use, development, and exploitation of a land area located in the northern part of the Port of Guaymas, which will be delivered in stages:

- a) First Stage. A surface area of 24,249.584 m², where the T1 pier will be built, measuring 329 meters long by 40 meters wide, with a depth of -16 meters at the pier side for berthing vessels; as well as a 44,236.105 m² container yard for:
 - i) Construction, equipment, and operation of a Multi-Purpose Terminal, for public use, preferably for containerized cargo, general cargo, and roll-on/roll-off cargo, excluding agricultural bulk and mineral bulk.
 - ii) Provision of maneuvering services.
 - iii) Provision of handling, storage, and custody services for foreign trade goods at the Multi-Purpose Terminal.
- b) Second Stage. A land area of 20,000.00 m² for the expansion of the Multipurpose Terminal.
